Q: Can I enter in more than one competition?

A: Yes! The more the better! You just need to satisfy the requirements for each category and follow any relevant rules. Restaurants can compete in all categories except for Judge's Chili.

Q: Can I make my chili at home?

A: Only Judge's Chili, Restaurant Chili, and Salsas may be made offsite and be brought inside. ICS Chili made in lieu of entry fee may be made offsite; however all ICS Red Chili competitions for ICS judging must be made onsite during the preset competition times. Please closely read the ICS rules.

A: You need to bring your own stove. Typically, participants use propane camping stoves. We do not allow open flames (i.e. charcoal BBQ pits).

Q: How are Judge's Chili or Restaurant Chili judged?

A: The winner will be determined on a two-part system. **Part one:** Randomly selected members of the community will be part of the judging panel scoring on your submitted chili. **Part two:** Based on the number of tickets you collect. You need to put all tickets in the bag we provide you. All tickets need to be to the information booth at a **predetermined time**, no later, **even if you still have chili**. We will weigh all tickets to determine who has collected the most. Based on the combination of taste and tickets scores, there will be a winner!
