

RANGER JACK

CHILDREN'S ENTERTAINER

PIANO TEACHER

THE MUSICAL KINGDOM

Preschool Children Family

Lively, Engaging Performance!

"Ranger Jack's performance as part of our library's Summer Reading Special Events was well-received by children and parents in attendance. Accompanying himself on keyboard and guitar, Ranger Jack was energetic, funny, and got everyone on their feet moving and singing along to adaptations of popular and original tunes. He engaged the children and answered questions, staying later than the booked time. A little something for everyone in the crowd - exactly what we needed in a library setting."

E. Anaheim P. Library

This highly interactive music show brings Ranger Jack's educational children's songs, performed live on guitar and keyboard, together with his hilarious animal puppetry. The kids will sing, dance, hop like bunnies, mimic, and call & respond as they laugh with joy. His stories and games only add to the fun of the most interactive music show around.

Such a Wonderfully Entertaining Show!

"We were so pleased and thrilled to have Ranger Jack perform for our library's monthly family story time. Ranger Jack was very professional and showed up well before show time. During the performance, the interaction between Ranger Jack and the children was amazing! The children were so engaged by the music and the interactive songs were appropriate for all ages. Everyone was having a great time! We are already looking forward to having Ranger Jack back again."
