

COMMUNITY WORKSHOP #2

RED HILL AVENUE SPECIFIC PLAN

HELP SHAPE THE FUTURE OF RED HILL AVENUE!

The City of Tustin has begun a community-based process to create the Red Hill Avenue Specific Plan. The Specific Plan will provide long-term policy guidance for positive growth and change. This is your opportunity to help shape the future of Red Hill Avenue. Your participation is important to the success of this process!

The second Workshop will provide an opportunity for community residents and stakeholders to participate in hands-on and interactive exercises to help develop a future vision for Red Hill Avenue. We will look for your input on the following:

- Proposed Refined Specific Plan boundaries
- Priority Areas within the Specific Plan
- Potential Future Land Uses and Activities
- Potential Transportation and Circulation Improvements
- Streetscape, Amenities and Urban Design Improvements

This is a great opportunity to share your ideas and collaborate with fellow stakeholders and those interested to help shape the future of your community.
