**Victory Park**, which opened in 2015, celebrates Tustin's military history with its creative design, near the iconic Marine Corps Air Station (MCAS) Tustin blimp hangar. It features a replica control tower (pictured below), aviation-themed play structures, and historic plaques about MCAS Tustin. The park includes a Victory Garden and runway-style paths, providing a space for families to play, learn, and connect with the city's legacy of service and transformation.

## FUN FACT

**Veterans Sports Park** opened in 2020 on the historic grounds of MCAS Tustin, and is currently the largest park in Tustin. It honors service and sacrifice with its Veterans Memorial Plaza, marked by words such as "Freedom," "Honor," and "Courage," keeping the memory of local heroes alive. Through engraved pavers, a digital story kiosk, and annual Memorial Day ceremonies, the park ensures that Tustin's military legacy is never forgotten.
