**NOTICE OF ANNUAL ADJUSTMENT
TO SOLID WASTE COLLECTION RATES**

NOTICE IS HEREBY GIVEN that the City of Tustin residential and commercial solid waste collection rates will be adjusted effective July 1, 2025 as explained in this Notice. This rate adjustment will apply to the solid waste customers located in the City of Tustin. If you are not the person responsible for paying for solid waste collection services for this property, please provide this Notice to the responsible person as soon as possible.

The City currently has a contractual agreement with CR&R Inc. for the collection of solid waste within the City of Tustin. Pursuant to City Code Section 4312, all occupied properties in the City are required to arrange for trash collection service by the City's franchise holder. This fee/charge is collected for such mandatory trash collection for this property. The amount of the charge has been determined to be the amount necessary to provide such service to you and, subject to direct billing to the customer; payment is to be made directly to CR&R Inc. by the customer on record.

Single Family Residential Customers

The current single family monthly service rate is \$20.73. The proposed single family monthly rate for the period of July 1, 2025 through June 30, 2026 is \$20.66. This \$0.7 or 0.48% rate decrease is in accordance with a contractually required rate adjustment which reflects a 34.9% decrease in the Producer Price Index for Natural Gas, an 2.4% increase in the Producer Price Index for Finished Goods less Food and Energy, and a \$1.10 per ton increase in the County of Orange landfill disposal fee. Detailed residential rate information for the most common services is found on the reverse side of this notice and also may be reviewed at the City of Tustin's website www.tustinca.org.

Commercial and Multifamily Customers

Commercial and Multifamily solid waste rates are proposed for adjustment effective July 1, 2025 through June 30, 2026. The proposed rate adjustments are also in accordance with a contractually required rate adjustment reflecting a 34.9% decrease in the Producer Price Index for Natural Gas, a 2.4% increase in the Producer Price Index for Finished Goods less Food and Energy, and a \$1.10 per ton increase in the County of Orange landfill disposal fee. Detailed commercial rate information for the most common services is found on the reverse side of this notice and also may be reviewed at the City of Tustin's website www.tustinca.org.

Questions

If you have questions regarding this Notice or the Fees/Charges, contact Elsa Robinson, Senior Management Analyst with the City of Tustin at 714-573-3030. For general information regarding residential and commercial solid waste, please contact CR&R at 714-372-8272.

All multi-family properties and all commercial properties must have a recycling and organics recycling program in place. CR&R offers waste audits for commercial and multi-family properties seeking to improve their current recycling and waste programs. A CR&R Sustainability Specialist will evaluate your waste stream from the inside out to achieve the most successful recycling programs possible. For additional information, please contact a Sustainability Specialist via email at tustin-recycles@crrmail.com.
