# Temporary Off-Premises Commercial Signs in the Public Right-of-way

January 2019

On April 3, 2018, the Tustin City Council adopted Ordinance No. 1483, which applies uniform standards to temporary off-premises commercial signs and temporary non-commercial signs in the public right-of-way.

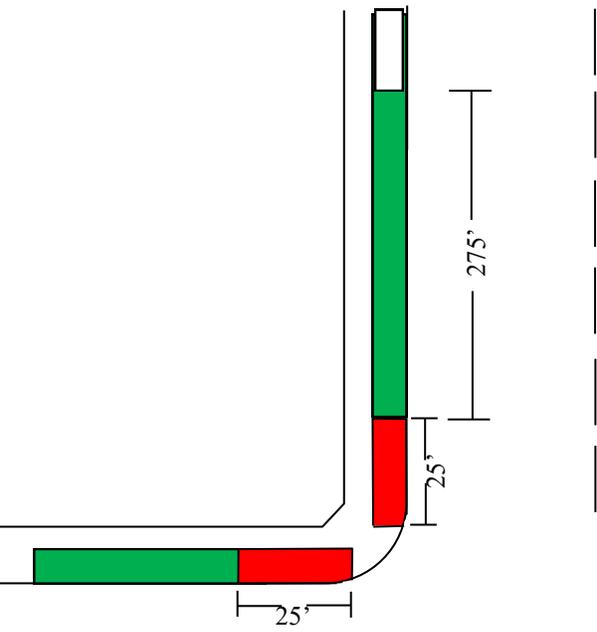

This handout summarizes the new standards pertaining to temporary off-premises commercial signs in the public right-of-way.

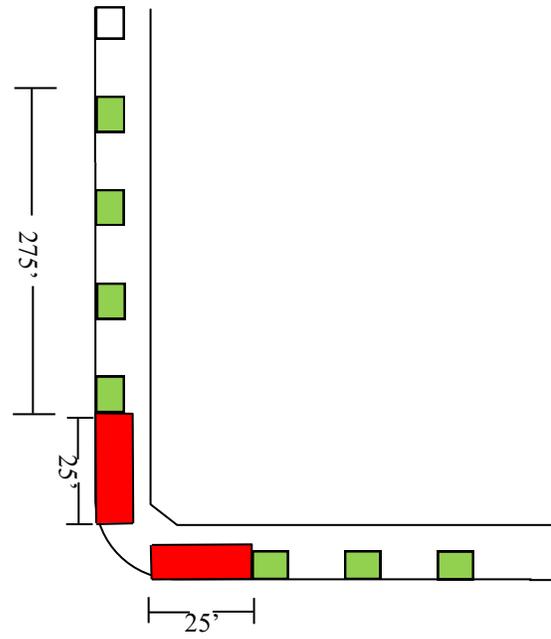

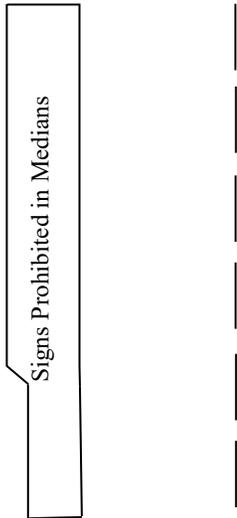

## Standards

- Maximum allowed sign size is 4 square feet.
- Maximum allowed height is 4 feet. Signs must be attached to the ground.
- Signs may only be placed 25-300 feet from a street intersection (See Exhibit).
- A maximum of one sign per commercial enterprise is allowed to abut any one property.
- A sign may be posted only between 7 a.m. and 7 p.m. - Fridays, Saturdays, and Sundays.
- A maximum of 20 signs per commercial enterprise may be posted throughout the City.
- Sign content may include business identification.
- Signs may be placed in the public parkway and tree wells, but not on sidewalks or in medians.
- Signs may not be affixed to any traffic signal, utility pole, traffic control device, or tree.
- The name, address, & phone number of the responsible party & the posting date must be on the back of the sign (no larger than 10 square inches).
