Step G shall be five percent (5%) higher than Step F. Any employee who has completed at least one (1) year of service at Step F where the employee has demonstrated overall satisfactory performance, as documented in the employee's performance evaluation, will be eligible to receive a merit increase to Step G effective the pay period that includes July 1, 2024. All other employees will be eligible to advance to Step G after one (1) year of service at Step F, in accordance with the existing merit increase process outlined in the Personnel Rules.
- C. Effective the pay period that includes July 1, 2024, employees in the bargaining unit shall receive a three and one-quarter percent (3.25%) base salary increase.
- D. Effective the pay period that includes July 1, 2025, employees in the bargaining unit shall receive a four percent (4%) base salary increase.

- E. Effective the pay period that includes July 1, 2026, employees in the bargaining unit shall receive a four percent (4%) base salary increase.
- F. Special Salary Adjustments

Upon the recommendation of the employee's Department Head, the City Manager may adjust the salary of an employee to any step within the salary range of their classification. A special salary adjustment will only be approved in limited circumstances, such as to retain an employee who has received a confirmed offer of employment from another employer, to correct gross inequities, or to reward outstanding achievement and performance.

Article 12. Overtime Compensation

All unit employees shall receive overtime compensation at a rate of time and one-half for all approved overtime hours worked in excess of forty (40) hours worked in a seven (7) day work period. General Leave, Compensatory Time Off and Holiday hours shall be counted as hours worked for purposes of determining overtime eligibility.

Overtime paid by this MOU in excess of the requirements of the FLSA (when an employee actually works in excess of 40 hours in their defined FLSA workweek) is paid at 1.5 times the employee's base hourly rate of pay.

Overtime paid per the requirements of the FLSA includes base pay plus any additional forms of pay which are provided to employees and required to be included in the FLSA regular rate (i.e., overtime rate).

Employees may receive Compensatory Time Off in lieu of overtime compensation, subject to the terms described in Article 31.

Article 13. Paid Overtime Meal

The City will provide a meal, or provide reimbursement for a meal, in an amount not to exceed \$35 for unit employees who are required to work unscheduled overtime provided the work situation requiring the overtime is such that the employee is held over, called in early, or called in on their day off, without prior notice, so that the combined regular shift and overtime assignment totals a minimum of four hours over the employee's regular work shift.

Article 14. Bilingual Compensation

The City shall pay one hundred dollars (\$100) per month (\$46.15 paid biweekly) to employees in City-designated positions who demonstrate skill in Spanish at the conversational level, or in another language which the City Manager has approved as being needed for City business. Should a conflict arise regarding designation of an employee for compensation, proficiency and need shall determine who is eligible. Management will determine where and when the need is greatest, and management will devise and administer a testing vehicle to determine degrees of proficiency.

In compliance with the California Public Employees' Retirement System regulations and definition of Special Compensation (2 CCR §571), Bilingual Pay shall be reported to CalPERS as Special Compensation. The parties agree that this pay is described in Title 2 CCR, Section 571(a)(4) and 571.1(b)(3) as a "special

assignment pay” – a type of reportable special compensation. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

Article 15. Certification Pay

The City believes it is beneficial for the City and its employees when an employee enhances their skill set in a manner that adds useful education and/or additional skills to the City service beyond the minimum requirements of an employee’s classification.

A. One-Time Incentive Cash Payment

Eligible certifications must be obtained by testing (certifications issued by virtue of grandfathering do not apply). It is the expectation that the employee participates in the training and/or classroom instruction necessary to achieve certification on the employee’s own time and at the employee’s own expense (classes may be eligible for reimbursement through the tuition reimbursement program).

Eligible certifications must be obtained after employment (or after promotion), and be directly job-related and specifically applicable to an employee’s job assignment. Certification Pay may be granted in an amount not to exceed a one-time incentive cash payment of up to \$500 per certification for non-probationary unit employees. Employees receiving Water Certification Pay as described below are not eligible for the One-Time Incentive Cash Payment.

Administration, granting and amounts of Certification Pay are at the sole discretion of City management.

The cash incentive payment, less applicable taxes, will be made payable to the employee the first pay period after approval and submission of documentation suitable to the Director of Human Resources. The amount of the award and tax deducted will be included on the W-2 form issued to the employee.

Employees in water distribution and treatment job classifications are eligible for Water Certification Pay if they possess a certificate(s) that exceeds the minimum requirements of their current job classification, as noted on the City’s official class specification for their job classification. Water Certification Pay is only available to employees in classifications that require a Water Distribution Operator and/or Water Treatment Operator Certificate.

Water Certification Pay will be provided in the following amounts, up to a maximum of four hundred dollars (\$400.00) per month:

Grade	Monthly Pay (If Not Required for Classification)

D4	\$225.00
D5	\$275.00
T2	\$100.00
T3	\$225.00
T4	\$275.00

In compliance with the California Public Employees’ Retirement System regulations and definition of Special Compensation (2 CCR §571), Water Certification Pay shall be reported to CalPERS as Special Compensation. The parties agree that this pay is described in Title 2 CCR, Section 571(a)(4) and 571.1(b)(3) as a “special assignment pay, water certification premium” – a type of reportable special compensation. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

C. Backflow Certification Pay

Individuals in the classifications of Water Distribution Leadworker, Water Distribution Operator I/II, Water Equipment Operator, Water Treatment Leadworker, or Water Treatment Operator I/II who possess a Backflow certification are also eligible to receive Backflow Certification Pay of \$50 per month. This certification pay shall be in addition to the Water Division Certification Pay listed above.

In compliance with the California Public Employees’ Retirement System regulations and definition of Special Compensation (2 CCR §571), Backflow Certification Pay shall be reported to CalPERS as Special Compensation. The parties agree that this pay is described in Title 2 CCR, Section 571(a)(4) and 571.1(b)(3) as a “special assignment pay, water certification premium” – a type of reportable special compensation. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

Article 16. Standby Duty

Employees assigned to Standby Duty shall be compensated at the rate of two and one-half (2.5) hours of straight-time compensation for assignments beginning Monday - Friday and at the rate of three and one-half (3.5) hours of straight-time compensation for assignments beginning on Saturday and Sunday. On Holidays (including the Holiday Closure) employees on Standby Duty shall receive six (6) hours of straight-time compensation.

Additionally, an employee who is standing by and is required to log on to the SCADA System for scheduled after-hours SCADA System Checks shall be credited with a minimum of one-half (1/2) hour of work time or the actual time spent in system operation, whichever is greater. Said minimum will apply to each log-in provided that only one minimum will be credited during any thirty-minute period.

An employee on Standby Duty who is called upon to perform unscheduled work that is performed remotely shall receive a minimum of two (2) hours of overtime compensation (time and one-half) for any assignment that lasts more than thirty (30) minutes; if the assignment is thirty (30) minutes or less, the employee shall receive compensation for thirty (30) minutes.

Employees may choose to accrue one (1) hour of Compensatory Time Off in lieu of pay for every one (1) hour of straight-time compensation earned for Standby Duty.

In addition to the above, employees assigned to Standby Duty may be assigned a take home vehicle to be able to respond more quickly. Assignment of a take home vehicle shall be at the discretion of the employee's Department Head.

Article 17. Shift Differential Pay

Any unit employee assigned on a regular basis (ten or more continuous working days) to a shift that includes at least eight hours between 2:30 p.m. and 3:00 a.m. shall receive Shift Differential Pay of twenty-five dollars (\$25) per pay period. The right to assign and/or reassign an individual to a particular shift is the sole prerogative of the City. Any such assignment and/or reassignment shall not be subject to the grievance and/or discipline appeals process.

In compliance with the California Public Employees' Retirement System regulations and definition of Special Compensation (2 CCR §571), Shift Differential Pay shall be reported to CalPERS as Special Compensation. The parties agree that shift differential is described in Title 2 CCR, Section 571(a)(4) and 571.1(b)(3) as a "special assignment pay" – a type of reportable special compensation. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

Article 18. Call Back Duty

Employees shall receive a minimum of two (2) hours of overtime compensation (time and one-half) for any call (fifteen (15) or more minutes beyond the end of their shift) which requires them to return to duty at a City worksite after leaving a City worksite. Call Back Pay begins when an employee leaves their home (or another offsite location) and heads directly to the City worksite and ends when an employee arrives at home (or another offsite location). Compensation for travel time shall not exceed compensation for the time it would reasonably take the employee to travel from their home to the City worksite and from the City worksite back to their home.

Call Back Pay does not apply to work performed during an employee's regular work hours, additional hours worked immediately before or after an employee's regular work shift (i.e. coming in early or staying late), or work performed remotely (i.e. telecommuting).

Article 19. Acting Pay

A. An employee assigned to temporarily work in a higher classification will receive Acting Pay of 5% of base pay. This rate will be paid effective the beginning of the first full pay period in which the

employee serves in the Acting assignment. Acting Pay shall only be provided if the employee is performing the full scope and functions of the higher-level classification. An employee's base salary combined with Acting Pay can never exceed the salary range of the acting classification.

In compliance with the California Public Employees' Retirement System regulations and definition of Special Compensation (2 CCR §571), Acting Pay shall be reported to CalPERS as Special Compensation for classic members as defined under the Public Employees' Pension Reform Act (PEPRA) of 2013. The parties agree that acting pay ("Temporary Upgrade Pay") is described in Title 2 CCR, Section 571(a)(3) as a "premium pay" – a type of reportable special compensation. This pay is not reportable as special compensation for employees defined as "new members" under PEPRA. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

- B. The City will provide Acting Pay for one (1) Maintenance Worker or Senior Maintenance Worker performing street sweeper operations in a "fill-in" capacity for no more than fifty-two (52) occurrences in a calendar year. The hourly rate of pay shall be at Step G of Equipment Operator.

Article 20. Promotions within Flexibly Staffed Classification Series

Maintenance Worker / Senior Maintenance Worker, Water Distribution Operator I/II, and Water Treatment Operator I/II are flexibly staffed classification series. Positions in these classifications are normally filled at the lower level, with employees later promoting to the higher level after meeting specified criteria as described below.

Promotions within these flexibly staffed classification series will be processed after Human Resources receives the corresponding Personnel Action Form (PAF), effective at the start of the earliest possible pay period that does not require a retroactive adjustment. Promotion will be made to the salary step that provides the employee with a base salary increase of at least five percent (5%). The employee's next evaluation date will be set to 12 months following the effective date of the promotion. An employee who is promoted to the next level of a flexibly staffed classification series is not required to serve a 12-month promotional probationary period.

A. Water Distribution Operator I/II

Employees in the classification of Water Distribution Operator I become eligible to be promoted to the classification of Water Distribution Operator II upon recommendation of the Director of Public Works after meeting the following requirements: 1) successful completion of the probationary period as a Water Distribution Operator I, 2) possession of a valid Class A or Class B California commercial driver's license, and 3) possession of a valid Water Distribution Operator D2 certificate.

B. Water Treatment Operator I/II

C. Maintenance Worker / Senior Maintenance Worker

Employees in the classification of Maintenance Worker become eligible to be reclassified to Senior Maintenance Worker upon recommendation of the Director of Public Works and meeting the following requirements: 1) successful completion of the probationary period as Maintenance Worker, 2) possession of a valid Class A or Class B commercial driver’s license with tank endorsement, and 3) demonstrated that they can perform the full range of skilled and technical duties of a Maintenance Worker which includes a “meet expectations” on the two most recent performance evaluations.

Article 21. Classification Review

If the Association believes the compensation and/or class specification (job description) of any represented classification needs to be reviewed and adjusted, the Association will notify the Director of Human Resources. Upon receiving such notice, the Director of Human Resources will evaluate the classification within a reasonable amount of time. If warranted, the Director of Human Resources will update the class specification and/or make a recommendation to the City Manager and City Council to adjust the compensation of the classification. Any proposed changes to the compensation of a represented classification will be negotiated with the Association.

CHAPTER 3 – BENEFITS

Article 22. Flexible Benefits Plan

A. The City contracts with the California Public Employees’ Retirement System (CalPERS) for the provision of medical insurance. All employees in the bargaining unit shall receive the minimum amount required under the Public Employees’ Medical and Hospital Care Act (PEMHCA), \$157 for calendar year 2024 and a yet to be determined amount for subsequent calendar years, as well as an additional amount which is provided under a Section 125 Flexible Benefits program. Designated part-time regular employees shall be eligible for the Flexible Benefits contribution on a pro-rata share based upon position allocation (i.e., a ½ time employee shall receive a 50% contribution; a ¾ time employee shall receive a 75% contribution).

- E. Employees who do not take medical insurance through the program offered by the City shall receive \$450 per month as the Flexible Benefits Opt-Out contribution. If an employee elects to opt out of medical coverage offered by the City, they must provide proof of “minimum essential coverage” (as defined by the Affordable Care Act) through another source (other than coverage in the individual market, whether or not obtained through Covered California) by completing a City-provided attestation form. - F. The Flexible Benefits contribution consists of mandatory and discretionary allocations which may be applied to City-sponsored programs, including required payment towards employee medical insurance under the Public Employees’ Medical and Hospital Care Act (PEMHCA). Employees may allocate the remaining amount among the following City-sponsored programs:

 - 2. Dental insurance

Article 23. Retirement

- A. Employees covered under this MOU shall be members of the California Public Employees’ Retirement System (CalPERS) and are subject to all applicable provisions of the City’s contract with CalPERS.
- B. Miscellaneous members employed by the City by December 31, 2011 shall be enrolled in the CalPERS 2% @ 55 plan in accordance with Government Code Section 21354 for Local Miscellaneous members. The plan includes both an employer and employee contribution.
 - 1. These employees are responsible for paying the employee contribution of seven percent (7%) of the employee’s wages through a pre-tax payroll deduction. The City has adopted the CalPERS

resolution in accordance with IRS Code section 414(h)(2) to ensure that the employee contribution is made on a pre-tax. The plan has been amended to include Section 21573 (Third Level of 1959 Survivor Benefits), Section 20042 (One-Year Final Compensation), and Section 21024 (Military Service Credit as Public Service). The employee is responsible for paying the employee portion of the 1959 Survivor benefit premium.

2. These employees are also responsible for paying an additional pension contribution of three percent (3%) as cost sharing in accordance with Government Code section 20516(f), for a total employee pension contribution of ten percent (10%). If, at any time in the future, the Association informs the City that it no longer agrees to this cost sharing agreement, effective on the date of the elimination of the cost sharing (which would need to coincide with the expiration date of the MOU) these employees' base salary would be reduced by three percent (3%).
- C. Miscellaneous members employed by the City on or after January 1, 2012 who are "classic members" as defined by the Public Employees' Pension Reform Act (PEPRA) of 2013 shall be enrolled in the CalPERS 2% @ 60 plan for Local Miscellaneous members. The plan includes both an employer and employee contribution.
1. These employees are responsible for paying the employee contribution of 7% of the employee's wages through a payroll deduction. The City has adopted the CalPERS resolution in accordance with IRS Code section 414(h)(2) to ensure that the employee contribution is made on a pre-tax basis. This plan provides retirement benefits based on the highest annual average compensation earnable during the three consecutive years of employment immediately preceding the effective date of their retirement or as designated by the employee in accordance with Government Code Section 20037. The plan provides for 3rd level of 1959 Survivor benefits with the employee paying the employee portion of the premium.
 2. These employees are also responsible for paying an additional pension contribution of three percent (3%) as cost sharing in accordance with Government Code section 20516(f), for a total employee pension contribution of ten percent (10%). If, at any time in the future, the Association informs the City that it no longer agrees to this cost sharing agreement, effective on the date of the elimination of the cost sharing (which would need to coincide with the expiration date of the MOU) these employees' base salary would be reduced by three percent (3%).
- D. Individuals first employed by the City on or after January 1, 2013 who are defined as "new members" by the Public Employees' Pension Reform Act (PEPRA) of 2013, shall be enrolled in the CalPERS 2% @ 62 plan for Local Miscellaneous members.
1. The employee is responsible for paying the employee contribution of one-half of the total normal cost of the plan, as defined by CalPERS, through a payroll deduction. Effective the pay period including July 1, 2024, the employee contribution is 7.25%. This amount will be determined by CalPERS in the future. The City has adopted the CalPERS resolution in accordance with IRS Code section 414(h)(2) to ensure that the employee contribution is made on a pre-tax basis.
 2. This plan provides retirement benefits based on the highest annual average compensation earnable during the three consecutive years of employment immediately preceding the effective date of their retirement or as designated by the employee in accordance with Government Code Section 7522.32(a). The plan provides for 3rd level of 1959 Survivor benefits with the employee paying the employee portion of the premium.

- E. Designated part-time regular employees shall be eligible for participation in CalPERS in the same manner as regular full-time employees.

Article 24. Employee Life Insurance

The City will provide life insurance for each unit employee and pay the required premiums. The death benefit of said policy for employees shall be equal to one hundred thousand dollars (\$100,000). The City will also provide \$1,000 per dependent of dependent life insurance.

Article 25. Short-Term / Long-Term Disability Insurance

- A. The City shall maintain a short-term / long-term disability (STD/LTD) insurance program for non-industrial illnesses or injuries. Eligibility for benefits is subject to the requirements and approval of the STD/LTD insurance carrier.
- B. An employee who is receiving STD benefits under the City's program will be granted a leave of absence for the duration of their non-industrial disability subject to a maximum period of six (6) months. Such leave of absence may be extended for an additional six (6) months under LTD, upon approval of the City Manager.
- C. All unit employees are required to participate in the program. Premiums are deducted from the employee's pay on an after-tax basis.
- D. In the event a non-industrial illness or injury is anticipated to exceed 30 days, the employee is first required to use 80 consecutive hours of their accrued leave (General Leave or Compensatory Time Off) during the 30-day period beginning with the first day of the leave. In the event no leave time is available, the employee shall be on leave without pay for 80 consecutive hours.
- E. After the first 80 hours of leave, and for the remainder of the 30-day elimination period, the employee shall be compensated by the City at the rate of 60% of the employee's pre-disability base salary. This City payment is taxable income. The employee may supplement this City payment with accrued leave to enable him/her to receive an amount equivalent to no more than 100% of their pre-disability earnings.
- F. In the event the employee is eligible for FMLA/CFRA leave, STD/LTD leave shall run concurrently with FMLA/CFRA leave.
- G. For a new employee who has worked for the City for less than 12 consecutive months, and is therefore not eligible for FMLA/CFRA leave, the City will nevertheless provide the employee with the same Flexible Benefits contribution as was provided at the time of the non-industrial injury, for a period not to exceed 90 days.
- H. Once the employee is on leave without pay, or the first 80 hours of leave has passed (whichever occurs first), no paid leave shall accrue to the employee.
- I. After the 30-day elimination period, the STD/LTD carrier will provide the employee with a benefit of 60% of pre-disability base salary. The employee may supplement the STD/LTD carrier's payment with accrued paid leave to enable him/her to receive an amount equivalent to no more than 100% of their pre-disability earnings.

- J. The employee is responsible for all benefit elections and payments during their leave unless they are eligible to opt out of such elections and chooses to do so. In the event the employee chooses to continue their benefit elections, the employee is required to make timely payment to the City for such elections (including the cost of the STD/LTD program). In the event timely payment is not made, the City is authorized to reduce the employee's accrued paid leave accounts, in an amount equivalent to the premiums owed by the employee. In the event no paid leave is available, the City is authorized to cancel the employee's coverage.
- K. An employee is only eligible for the City's 60% STD/LTD salary continuation benefit once in any rolling 12-month period.

Article 26. Tuition Reimbursement

Employees shall be encouraged to further their academic education and training in those areas of benefit both to the employee and to the City. Full-time and designated part-time regular employees shall be eligible for tuition reimbursement on a pro-rata share based upon position allocation (i.e., a ½ time employee shall receive a 50% allocation; a ¾ time employee shall receive a 75% allocation). Employees will be eligible for reimbursement of eligible expenses by the City for professional and technical courses subject to the following conditions:

1. Reimbursement shall be for tuition fees, textbooks, lab fees, or required supplies upon completion of the course with a satisfactory grade and after completion of the initial probationary period. Requests to enroll in courses may be granted prior to the completion of probation; however, payment will not be made until the employee has completed the probationary period and attained regular status.
2. Tuition reimbursement shall not be made if the employee is drawing veteran's education benefits or any other reimbursement for the same courses.
3. Employees may be reimbursed for up to \$4,000 per calendar year in covered expenses for attending graduate school, a four-year college or university, a job-related program through University of California or California State University extended education programs or a California Community College. This reimbursement benefit may be used for other job-related educational programs administered by other professional organizations with the express approval of the City Manager. If an employee separates from City service within one calendar year of receiving this Tuition Reimbursement benefit, the employee is responsible for refunding the City the full amount of the benefit that was paid. Funds will be deducted from the employee's final paycheck to cover the re-payment of the tuition reimbursement.
4. The City has set up procedures that allow for expedient reimbursement for classes taken and fees paid. Employees may request reimbursement in the calendar year that the class is taken and completed. Failure to request reimbursement in a timely manner and/or classes taken in excess of the allowable reimbursement level cannot be carried over to a future year reimbursement period.
5. Approval from the department head, Director of Human Resources, and City Manager (when required) should be obtained prior to enrollment in the course or program to ensure the City will approve the reimbursement request.

Article 27. Cell Phones

- A. Employees who are required by the City to use a cell phone for work for more than nominal usage (as determined by the employee's Department Head) will be provided (at each employee's choice) with a cell phone or a cell phone stipend as addressed below.
- B. If a cell phone stipend is chosen, employees will receive \$21 per pay period (\$45.50 per month), which is taxable income. The stipend is designed to contribute to an employee's cell phone plan. It is not designed to fully pay for the plan. Any additional charges an employee incurs are their own responsibility and those additional charges are not eligible for reimbursement.

Article 28. Retiree Medical Insurance

- A. The City will reimburse eligible unit employees up to a maximum of \$250 per month for the payment of CalPERS retiree medical insurance premiums. This amount includes the minimum contribution towards retiree medical insurance required under the PEMHCA program (\$157 for calendar year 2024 and a yet to be determined amount for subsequent calendar years).
- B. A unit employee hired by the City prior to July 1, 2011 is eligible for this benefit provided that they have been continuously employed by the City for five (5) full years, retires from the City and CalPERS, and enrolls in a CalPERS medical insurance plan immediately after retirement. Eligible employees, who suffer a disability, are unable to return to work, and take a disability retirement from CalPERS may satisfy the five (5) year continuous service requirement using a combination of service with the City and service with any public agency with a reciprocal retirement system.
- C. A unit employee hired by the City on or after July 1, 2011 is eligible for this benefit provided that they have been continuously employed by the City for ten (10) full years, retires from the City and CalPERS, and enrolls in a CalPERS medical insurance plan immediately after retirement. Eligible employees, who suffer a disability, are unable to return to work, and take a disability retirement from CalPERS may satisfy the ten (10) year continuous service requirement using a combination of service with the City and service with any public agency with a reciprocal retirement system.
- D. Reimbursement shall not be made until an employee appears on the City's CalPERS insurance billing. In order to maintain the retiree medical insurance stipend throughout retirement, an employee must maintain coverage in a CalPERS medical insurance plan; once coverage is dropped, reimbursement will cease and will not be reinstated.

Article 29. Retiree Health Savings Plan

Upon request of TMEA, the City will set up a retiree health savings plan and permit employee contributions to the plan via payroll deductions. Contributions are voluntary by employees and the City will not make a contribution to the plan. IRS regulations require all employees to make an irrevocable one-time decision to join the plan or opt out of the plan. IRS regulations also require all employees who participate in the plan to contribute the same amount per pay period. If the plan is established, TMEA will notify the City the amount of the contribution to be made by all participating unit employees.

CHAPTER 4 – LEAVES OF ABSENCE

Article 30. General Leave

- A. Paid General Leave shall be granted to each full-time employee at the rates listed below per year, prorated on a biweekly basis for each biweekly pay period in which the employee is in paid status for at least 40 hours of the pay period. If the employee is in paid status between 40-80 hours of a pay period, their General Leave will be earned on a prorated basis for the pay period.

Periods of Service	General Leave Hours Per Year	Maximum Accrual
0 – 5.00 years	160 hours	320 hours
5.01 – 10 years	208 hours	416 hours
Over 10 years	248 hours	496 hours

- B. Designated part-time regular employees shall be eligible for General Leave on a pro-rata share based upon position allocation (i.e., a ½ time employee shall receive a 50% allocation; a ¾ time employee shall receive a 75% allocation).
- C. At any time, employees may accumulate General Leave to a maximum of two times the employee’s annual entitlement. Upon reaching the maximum, accrual will cease until leave is used to reduce the accrual below the maximum. Upon separation from City service the employee will be paid for unused Leave, not to exceed the maximum of two years entitlement, at the employee’s then current base salary rate.
- D. General Leave Cash Out

Employees in the unit are permitted to cash out General Leave as follows.

On or before December 31 of each calendar year, an employee may make an irrevocable election to cash out up to 140 hours of General Leave which will be earned in the following calendar year at the employee’s base rate of pay.

The employee can request that the cash out be processed on any paycheck beginning July 1 of the following calendar year through the end of that calendar year, as long as the employee has accrued the number of hours they elected to cash out during the calendar year of the cash out. However, if the employee’s General Leave balance is less than the amount the employee elected to cash out (in the prior calendar year) the employee will receive cash for the amount of leave the employee has accrued at the time of the cash out. The employee may request to be paid all at once or choose to be paid on two different paychecks.

Article 31. Compensatory Time Off

- A. Employees working overtime will be eligible to accrue Compensatory Time Off in lieu of receiving overtime compensation at the rate of one- and one-half (1 ½) hours for each hour of overtime worked. Employees may request to accrue Compensatory Time Off in lieu of receiving compensation for overtime, subject to approval of the department head or their designee. Employees may accrue up to ninety (90) hours of Compensatory Time Off.

- B. Employees will be paid for all Compensatory Time Off in January of each year provided that an employee may retain a maximum of forty (40) hours in their account if notice of such desired retention is submitted to the City.
- C. An employee wishing to use their accrued Compensatory Time Off shall provide the City with reasonable notice of such request. “Reasonable notice” is defined as at least two weeks’ notice. If reasonable notice is provided, the employee’s request will not be denied unless it would be unduly disruptive to the department to grant the request. A request to use Compensatory Time Off with less than two weeks’ notice may still be granted within the discretion of the supervisor or manager responsible for considering the request.
- D. When an employee separates from City service or remains employed by the City, but moves to a position no longer represented by TMEA, an employee shall be compensated for all accrued Compensatory Time Off at their regular rate of pay.

Article 32. Holidays

The following days shall be holidays for which all employees will receive compensation either in pay or paid time off:

January 1	New Year's Day
Third Monday in January	Martin Luther King Jr. Day
Third Monday in February	Presidents’ Day
Last Monday in May	Memorial Day
June 19	Juneteenth
July 4	Independence Day
First Monday in September	Labor Day
November 11	Veterans Day
Thanksgiving Day	Thanksgiving Day
Day following Thanksgiving Day	Day after Thanksgiving Day
December 24	Christmas Eve
December 25	Christmas Day
December 31	New Year’s Eve

When a holiday occurs on a Sunday, the following Monday will be observed instead. When a holiday occurs on a Saturday, the preceding Friday will be observed instead.

When both Christmas Eve and New Year’s Eve fall on a Friday and Christmas Day and New Year’s Day fall on a Saturday, the City will observe these two Holidays on the corresponding Thursday and Friday or the corresponding Friday and the following Monday. When both Christmas Eve and New Year’s Eve fall on a Sunday and Christmas Day and New Year’s Day fall on a Monday, the City will observe these two Holidays on the corresponding Monday and Tuesday or the corresponding Monday and the previous Friday.

If a Holiday falls on a day that is an employee’s regular day off, the employee has the option of accruing General Leave as payment for the Holiday or earning Holiday Pay on the Holiday. Employees working a 9/80 schedule receive a total of 9 hours of pay for each Holiday (either as accrued General Leave or as Holiday Pay). Employees working a 4/10 schedule receive a total of 10 hours of pay for each Holiday (either as accrued General Leave or as Holiday Pay). Employees shall indicate their choice by entering the applicable pay code(s) on their timesheets.

Designated part-time regular employees shall be eligible for holidays on a pro-rata share based upon position allocation (i.e. a ½ time employee shall receive a 50% allocation; a ¾ time employee shall receive a 75% allocation).

Article 33. Holiday Closure

City Hall will be closed on the days between Christmas Day and New Year's Eve. An employee regularly assigned to work on one or more days during this time period shall use accrued paid leave for his/her regularly scheduled hours for each day he/she would otherwise have been scheduled to work.

Article 34. Bereavement Leave

The City will allow up to five (5) days of paid leave for the purpose of Bereavement Leave in the event of a death in the immediate family. For purposes of this section, "immediate family" shall be defined as including spouse, registered domestic partner, mother, stepmother, father, stepfather, brother, step brother, sister, step sister, child, stepchild, grandparent, step grandparent, grandchild and step grandchild of the employee or the employee's spouse/registered domestic partner. Designated part-time regular employees shall be eligible for Bereavement Leave on a pro-rata share based upon position allocation (i.e. a ½ time employee shall receive a 50% allocation; a ¾ time employee shall receive a 75% allocation).

CHAPTER 5 – WORKING CONDITIONS

Article 35. Workweek & Work Schedules

- A. The workweek for all members of the unit shall be 168 regularly recurring hours. For employees working a schedule other than the 9/80 work schedule, the workweek shall begin on Sunday at 12:00 a.m. and end at 11:59 p.m. the following Saturday. For employees working the 9/80 work schedule, each employee's designated FLSA workweek (168 hours in length) shall begin exactly four (4) hours after the start time of their eight (8) hour shift on the day of the week that corresponds with the employee's alternating regular day off.
- B. Field Services employees and Water Services employees shall work a 4/10 work schedule. Employees shall be assigned to a Monday through Thursday shift or a Tuesday through Friday shift.
- C. Any employee's work schedule may be temporarily changed to accommodate training assignments which are eight (8) or more hours in duration.
- D. The City will provide a seven (7) day notice to affected employees prior to modifications to an employee's regular work schedule.
- E. Individuals wishing to flex hours or modify their work schedule from one day to another (for example, work 8 hours on Tuesday and 10 hours on Thursday) must receive advance authorization from their supervisor. An employee's request to modify a work schedule or flex their schedule is not intended, nor shall it be allowed, to enable an overtime liability to the City pursuant to the MOU or the FLSA.

Article 36. Telecommuting

Employees are eligible for participation in the City's Telecommuting program, subject to the needs of the City and the employee's department. The City Manager has the authority to implement rules, policies and procedures for Telecommuting.

Article 37. Rest Periods

During each work shift of at least eight (8) hours, two (2) fifteen (15) minute rest periods will be scheduled. The scheduling of rest periods shall be at the discretion of the employee's supervisor and no additional compensation will be provided for rest periods not taken.

Article 38. Lunch Break

The City has agreed to Field Services and Water Services employees taking a one-half hour lunch in the field. This is in recognition of the fact that the City anticipates increased efficiency, because, as a general rule, employees will not return to the Corporation Yard for the lunch break.

Unit employees (other than Field Services and Water Services employees) are scheduled to take a one (1) hour lunch period. Individuals wishing to flex a portion of their lunch hour (for example – reduce lunch to ½ hour and leave ½ hour early for the day) must receive advance authorization from their supervisor.

Article 39. Uniforms

- A. The City will make raingear and overalls available for use by Building Inspectors, Senior Building Inspectors and Public Works Inspectors.
- B. The City will provide eleven (11) sets of pants/shorts and shirts for each Field and Water Services division employee, ten sets of pants/shirts for Custodians and Water Meter Readers, and two shirts for the Transportation Coordinator required to wear a uniform and the City will pay the cost of renting and cleaning the standard-issue employee uniforms. Each employee may designate a combination of pants and shorts for the term of the contract with the uniform vendor. This combination may not be changed during the term of the contract with the uniform vendor. Field and Water Service division employees may substitute one pants/shirt set with a pair of coveralls. Each employee must have long pants immediately available for wear on a daily basis. Additional uniforms, laundering, or special services shall be at the employee's expense.
- C. Unit employees who separate from City service shall be responsible for the return of all uniforms and equipment issued and/or purchased on behalf of the employee. Failure to return uniforms and/or equipment issued will result in a reduction equivalent to the dollar value of the cost of those items not returned from the employee's final paycheck.
- D. The City shall provide safety boots/shoes to employees in the unit who need them to effectively perform their job. Classifications required to wear safety boots/shoes include the following: Equipment Mechanic, Equipment Operator, Maintenance Leadworker, Maintenance Worker, and Senior Maintenance Worker in the Field Services Division; Water Distribution Leadworker, Water Distribution Operator I/II, Water Equipment Operator, and Water Treatment Operator I/II in the Water Services Division; Public Works Inspector and Senior Public Works Inspector in the Engineering Division; Building Inspector, Senior Building Inspector, and Code Enforcement Officer in the

Community Development Department; Water Meter Reader in the Finance Department, Recreation Facilities Lead in the Parks and Recreation Department, and any other classification to which the parties agree. The City shall replace safety boots/shoes one time each twelve (12) months if necessary and re-heel/re-sole the safety boots/shoes one time each six (6) months if necessary. Should boots become worn down and in an unsafe or unusable condition in less than twelve (12) months, employees may be allowed to replace the safety boots/shoes upon approval of their supervisor. Employees may also request a new insole for their boots/shoes in lieu of a new pair of boots/shoes or a re-heel/re-sole of boots/shoes. Unit employees who separate from City service with less than six (6) months of service shall return safety shoes or the City shall deduct a pro-rata share of the purchase price of the shoes from the employees' final paycheck.

- E. The City shall use appropriate documents for employees to sign to enable the City to take any necessary payroll deductions should the employee not return their uniforms.
- F. In compliance with the California Public Employees' Retirement System regulations and definition of Special Compensation (2 CCR §571), for "classic members" as defined by the Public Employees' Pension Reform Act of 2013, the monetary value of the rental and maintenance of the required uniforms shall be reported to CalPERS as Special Compensation. The parties agree that this pay is described in Title 2 CCR, Section 571(a)(5) as a "statutory item" – a type of reportable special compensation. However, it is ultimately CalPERS who determines whether any form of pay is reportable special compensation.

Article 40. Commercial Driver's License

Employees who have a Commercial Driver's License (whether voluntarily or due to job requirements) will be reimbursed for the difference between the cost of the license and a regular non-commercial driver's license. Additionally, the City will provide training and pay for physical examinations necessary to obtain and maintain the Commercial Driver's License for incumbent non-probationary employees.

- A. The classifications required to maintain a California Class A or Class B license include (but are not limited to) Equipment Mechanic, Equipment Mechanic Leadworker, Equipment Operator, Maintenance Leadworker, Senior Maintenance Worker, Transportation Coordinator, Water Distribution Leadworker, Water Distribution Operator I/II, Water Equipment Operator, Water Treatment Leadworker, and Water Treatment Operator I/II.
- B. Pursuant to State and/or Federal law, in the event an employee is unable to obtain and/or maintain the license required of their classification, the City will attempt to make appropriate accommodations as required under the law if possible.

CHAPTER 6 – EMPLOYER / EMPLOYEE RELATIONS

Article 41. Appeals Procedure

- A. Pre-Disciplinary Meeting and Disciplinary Appeals
 - 1. Pre-Disciplinary Meeting

An employee who has attained a regular appointment shall have the right to a pre-disciplinary meeting before their department head or designee whenever the employee may be subject to a

demotion, non-emergency suspension, or non-emergency dismissal. In the event of an emergency suspension or dismissal a meeting will be conducted by the department head or designee as soon as practicable after the action has been taken.

2. Procedure for Pre-Disciplinary Meetings

Notice of a proposed disciplinary action shall be provided to the employee including a statement of the proposed action, the reasons therefore, and a copy of the charges and materials upon which the action is based. The employee shall have ten (10) days to respond orally, in writing, or both to the charges. Within ten (10) days of the employee's response, they will be advised in writing of the City's decision. If the disciplinary action is upheld, the employee will receive a Notice of Disciplinary Action stating the action taken, the reasons therefore, and the employee's right to appeal.

3. Post-Discipline Appeal

Within ten (10) days after receiving the Notice of Disciplinary Action the employee may appeal the action in writing to the Director of Human Resources.

4. Effective Date of Disciplinary Action

The availability of appeal rights or the filing of an appeal shall not be interpreted as staying the effective date of a disciplinary action stated in the Notice of Disciplinary Action. In the event of a termination, the employee shall cease to be an employee of the City on the effective date of the termination.

5. Calendar Days

Unless otherwise indicated, "day" or "days" when used in this section shall be calendar day(s).

B. Appeals Procedure

1. If a timely appeal is filed as provided in Section A the City Manager may hear the appeal or appoint any City management/supervisory employee or arbiter who has not been personally involved in the actions giving rise to the discipline to hear the appeal.
2. An "arbiter" is a person with experience acting as a hearing officer on public employment issues. Any hearing conducted by an arbiter shall not be considered an "arbitration" as defined in Code of Civil Procedure Section 1281.6.
3. In the event that the employee requests that an arbiter hear the appeal, such a request will be honored provided the request is made within twenty (20) days of the receipt of the department head's decision. The arbiter shall be chosen from a panel of seven (7) arbiters from a list provided either by the American Arbitration Association or the State Mediation and Conciliation Service. The parties shall alternately strike names until one arbiter remains.
4. If the appeal is heard by anyone other than the City Manager, the hearing officer shall submit a written report outlining their findings, conclusions, and recommendations to the City Manager.

5. Within twenty (20) days of the receipt of the hearing officer's report, or the conclusion of the hearing if it was conducted by the City Manager or their City appointee, the City Manager shall provide their written decision to the employee.

C. Hearings

1. Where practicable, the date of the hearing shall not be less than twenty (20) days, nor more than sixty (60) days, from the date of the filing of the appeal with the City Manager provided that the parties may agree to a longer or shorter period of time.
2. All hearings involving disciplinary action against an employee shall be closed to the public unless the affected employee requests that the hearing be open to the public.
3. The hearing need not be conducted in accordance with technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which reasonable persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule, which might make improper admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil and criminal actions, and irrelevant and unduly repetitious evidence shall be excluded. The hearing officer shall not be bound by technical rules of evidence. The hearing officer shall rule on the admission and exclusion of evidence.
4. Each party shall have these rights: to be represented by legal counsel or other person of their choice; to call and examine witnesses; to introduce evidence; to cross-examine opposing witnesses; to impeach any witness regardless of which party first called him/her to testify; and to rebut the evidence against him/her. If the respondent does not testify on her/his own behalf, they may be called and examined as if under cross-examination. Oral evidence shall be taken only on oath or affirmation. A court reporter will be engaged to record the hearing. The cost of the reporter will be split between the City and TMEA.
5. The hearing shall proceed in the following order, unless the hearing officer, for special reasons, otherwise directs:
 - a. Opening statements shall be permitted with the City proceeding first.
 - b. The City shall proceed first in the hearing. If witnesses are called, the opposing party shall have the right to cross-examine the witnesses on any matter relevant to the issues, even though that matter was not covered on direct examination.
 - c. The parties may then, in order, respectively offer rebutting evidence only, unless the hearing officer for good reason permits them to offer evidence upon their original case.
 - d. Closing arguments and written briefs shall be permitted.
 - e. The hearing officer shall determine the relevancy, weight, and credibility of testimony and evidence. They shall base their findings on the preponderance of evidence. During the examination of a witness, all other witnesses, except the parties, shall be excluded from

- the hearing unless the hearing officer, for good cause, otherwise directs. No still photographs, moving pictures, or television pictures shall be taken in the hearing chamber during a hearing. The hearing officer, prior to or during a hearing, may grant a continuance for any reason they believe to be important to reaching a fair and proper decision.
- f. The hearing officer shall have no authority to amend, alter, or modify the Memorandum of Understanding or any sections of the City's Personnel Rules and shall limit their recommendations to the interpretation and application of the Memorandum of Understanding, agreement at issue and/or the City's Personnel Rules.
 - g. The hearing officer may recommend sustaining or rejecting or modifying the disciplinary action.
6. The hearing officer's findings, conclusion and recommendations shall be filed with the Director of Human Resources, who will forward them to the City Manager. The City Manager, in their sole discretion, may hear limited oral arguments and/or request written statements from either party on the hearing officer's findings, conclusions, and recommendations. The City Manager shall inform the appellant of their decision regarding the appeal within ten (10) days of the conclusion of the hearing or if the appeal is heard by a hearing officer other than the City Manager, within ten (10) days of the receipt of the hearing officer's report. However, the City Manager may extend the time to issue their decision beyond the ten-day period if they believe it is necessary. The decision of the City Manager regarding the appeal shall be the final step in the administrative appeal process. However, any disciplinary action is deemed final as of the effective date. Copies of the City Manager's decision, including the hearing officer's report shall be filed where appropriate, including the employee's personnel file. The City Manager's decision is subject to review by a superior court pursuant to Code of Civil Procedure Section 1094.6.
 7. If the City Manager chooses to have the appeal heard by an arbiter, the City shall bear the cost of the hearing up to a maximum of \$1,000; any excess cost will be shared equally by the City and TMEA. If the TMEA requested that an arbiter be appointed to hear the appeal the TMEA shall pay the cost of the hearing up to a maximum of \$1,000; any excess cost will be shared equally by the City and TMEA. If either party orders a transcript for their review, the requesting party shall bear the cost of the transcript. If either party unilaterally cancels or postpones a scheduled hearing thereby resulting in a fee charged by the arbiter or court reporter, the party responsible for the cancellation or postponement shall be solely responsible for payment of the fee. The arbiter shall submit their bills for services to the party which is obligated to pay them pursuant to this section.
 8. Subpoenas and subpoenas duces tecum pertaining to the hearing shall be issued at the request of either party, not less than ten (10) days prior to the commencement of the hearing; after commencement, subpoenas shall be issued only at the discretion of the hearing officer.
 9. The time limits specified at any step in this procedure may be extended or reduced by written agreement of the grievant and an authorized management representative.

Article 42. Grievance Procedure

These procedures are established to provide for the resolution of grievances of unit employees.

A. Limitations

The procedures set forth in this section shall apply to all grievances involving unit employees. Excluded from this procedure are grievances related to:

1. The amendment or change of City Council resolutions, ordinances or minute orders, which do not involve provisions of a Memorandum of Understanding (MOU), the Personnel Rules, or other agreements between the City and the employee organization.
2. Position classification.

B. Definitions

1. Grievance: An expressed claim that there has been a violation, misinterpretation, or misapplication of a provision of the Personnel Rules or this MOU.
2. Grievant: An employee who is alleging a violation, misinterpretation or misapplication of a provision of the Personnel Rules, an agreement between the City and the employee organization, the MOU or violation or potential violation of state or federal law.
3. Grievance Procedure: The process by which the validity of a grievance is determined and resolution effected.
4. Day: Unless otherwise indicated, "day" or "days" when used in this section shall be calendar day(s).

C. Procedure

1. Step 1

The grievant shall file their grievance within ten (10) days after the grievant knew, or in the exercise of reasonable diligence should have known, of the events giving rise to the grievance. The grievant shall state the facts necessary to an understanding of the issues involved; refrain from including any unrelated charges; cite the sections of the City resolutions, agreement, memorandum of understanding or rules alleged to have been violated and the remedy sought.

The grievant shall submit the grievance form to their immediate supervisor, provided that if the employee suspects or has proof that a federal or state law is being violated or is about to be violated he may file the grievance at Step 2 of this procedure. Within ten (10) days of receipt of the form, the supervisor shall inform the grievant of their decision. Grievances submitted by employee organization representatives that involve issues potentially impacting the organization's rights or membership as a whole shall be filed at Step 3.

2. Step 2

If the grievance is not satisfactorily resolved in Step 1, the grievant may, within ten (10) calendar days after receipt of the supervisor's response, submit the grievance to their department head. After receipt of the grievance, the department head will meet with the grievant and make such investigation as is required. Within ten (10) days of their meeting with the grievant, the department head shall inform the grievant of their decision.

3. Step 3

If the grievance is not satisfactorily resolved in Step 2, or in the case of employee organization grievances, the grievant may submit the grievance to the City Manager. Employee grievances are to be submitted within ten (10) days of receipt of the department head's decision. Such submittal shall include the original of the grievance form and a written statement of any issues that are in dispute. The City Manager has the sole discretion to hear the grievance him/herself or appoint any City management/supervisory employee (except the employee's department head), or an arbiter, to hear the grievance and submit a recommendation as to resolution of the grievance. At the hearing, the grievant has the burden of proof and will present their case first.

D. General Provisions

1. Prior to filing a grievance, the potential grievant shall discuss the issues of concern with the person or organization representative suspected as having violated provisions of the Personnel Rules or this MOU. Upon a showing of good cause to the Director of Human Resources, such discussion may be waived between an employee and their immediate supervisor. Cause shall include, but not be limited to, situations wherein alleged inappropriate actions of the supervisor form the basis for the grievance and the employee has reasonable cause to believe that the supervisor would not be objective.
2. An employee may obtain a grievance form from their supervisor or the Human Resources department. All documents, communications, and records dealing with the processing of grievances shall be filed separately from personnel files.
3. No retribution or prejudice shall be suffered by employees making use of the grievance procedure by reason of such use.
4. Failure by management at any step of this procedure to communicate their decision on the grievance within the specified time limits shall permit the grievant to proceed to the next step.
5. A grievant shall be entitled to be present at all steps of the procedure.
6. Failure by the grievant to appeal a decision on a grievance within the specified time limits shall be deemed acceptance of the decision rendered.
7. The time limits specified at any step in this procedure may be extended or reduced by written agreement of the grievant and an authorized management representative.

E. Employee Representation

1. An employee may represent him/herself or be represented by a representative of the employee organization.
2. If an employee chooses not to be represented by the employee organization and the subject of the grievance involves MOU or other provisions which have been negotiated between the City and the employee organization, the organization may have staff representatives present beginning with Step 3, and shall have the right to present the organization's interpretation of the provisions at issue. Such presentation shall not include comments regarding the merits of the grievance.

Article 43. Performance Evaluations

An employee may not appeal or grieve a performance evaluation unless said evaluation results in the denial of a merit increase. Nothing herein shall restrict an employee from having a written rebuttal attached to a performance evaluation with which the employee disagrees.

An employee may appeal their performance evaluation to their department head (or another department head if the employee's department head prepared the evaluation).

Article 44. Meetings

- A. TMEA shall be entitled to four (4) City-wide membership meetings each calendar year. These meetings are in addition to the MOU ratification meeting allowed TMEA. TMEA shall provide a minimum of two (2) weeks' advance notice to the City of such meetings. Employees will be allowed up to one (1) hour of release time to attend each such meeting.
- B. Employees who are invited by the City to attend meetings during working hours that are designed to promote effective communication and cooperation between the City and TMEA shall receive paid release time for their attendance.
- C. In addition to release time for negotiations, team members shall be permitted thirty (30) minutes before and thirty (30) minutes after negotiations for preparation and consultation.
- D. Members of the Association Board are permitted to attend one Board meeting per month during lunch. If the meeting occurs during a Board member's work hours, they will be permitted to attend on release time (i.e., will be paid for the time without having to use other leave or make up the time) unless releasing the employee from work would be unduly disruptive to the departments' operations. A Board member must provide reasonable advance notice to their supervisor if they plan to attend a Board meeting.
- E. If the Association President or Board member of the Association needs to attend a meeting not addressed above, they must request permission in advance and the discretion to grant permission to attend remains with the employee's supervisor. Permission to attend will not be unreasonably denied.

Article 45. No Strike/Job Action

- A. The Association, its officers, agents, representatives, and/or members agree on behalf of themselves and the employees in the bargaining unit that they will not cause or condone any strike (including sympathy strike), walkout, work stoppage, job action, slowdown, sick out, or refusal to faithfully perform assigned duties and responsibilities, withholding of services or other interference with City operations, including compliance with the request of other employees and/or labor organizations to engage in any or all of the preceding activities (including sympathy slowdowns and/or sympathy strikes).
- B. Any employee who participates in any of the conduct prohibited above shall be subject to discipline up to and including termination.

- C. In the event of such activities, the Association shall immediately instruct any person engaging in such conduct that they are violating the Agreement and that they are engaging in unauthorized conduct and should resume full and faithful performance of their job duties.

Article 46. Management Rights

The City has the exclusive right to establish Personnel Rules and department regulations, including subsequent amendments and revisions. In addition, except as otherwise specified in this MOU, the City has the exclusive right to:

1. Contract or subcontract construction, services, maintenance, distribution or any other work with outside public or private entities;
2. Suspend provisions of this Agreement in the event of, and for the duration of, an emergency as determined by the City Council, and/or by County, State or Federal action upon notification to the Association regarding the nature and expected duration of the emergency;
3. Determine staffing and direct the work force, including the right to hire, promote, demote, evaluate, transfer, lay off or discharge any employee;
4. Take such further action as may be necessary to organize and operate the City in the most efficient and economical manner to serve the public interest;
5. Modify the performance evaluation form; and
6. Modify and update class specifications.

Article 47. Layoffs

A. Authority to Lay Off

The City Manager may lay off employees at any time for lack of work, budgetary reasons, technological changes or other City actions that necessitate a reduction in the work force.

B. Notice

Prior to formally notifying the Association of a decision to lay off a position, the City will notify the Association two work days (48 hours) in advance of the decision, in an effort to provide an opportunity for the Association to provide feedback, suggestions and/or to ask questions regarding the impending decision.

C. Definitions

1. Original probationary period – an employee's first probation period during continuous City employment.
2. Promotional probationary period – the probationary period served upon promotion from one City position to another.

3. Seniority – length of continuous paid service with the City from date of hire into any bargaining unit position. For purposes of this section, time served on a military leave of absence and a leave of absence due to a workers' compensation injury shall be considered City service. An employee shall continue to accrue seniority during any unpaid leave of absence of 30 days or less taken for any purpose; however, seniority will cease to accrue after 30 days of unpaid leave.

D. Designation of Positions for Layoff

When it becomes necessary to reduce the work force, the City Manager shall designate the position(s) or classification(s), and division(s), department(s), or other organizational unit(s) in which positions are to be eliminated. Contract, provisional, and temporary employees in the same classification as the positions proposed for elimination within the affected organizational unit shall be laid off first. Probationary promotional employees who are laid off shall be returned to the position held prior to their promotion.

E. Order of Layoff

1. The names of all original probationary employees occupying positions in the affected class shall be listed in alphabetical order. The City Manager or their designee shall select from this list one employee, regardless of their place on the list, to be laid off for each position to be abolished.
2. If the positions to be abolished exceed the number of employees available for layoff after layoff of original probationary employees as described above, a "Subject to Layoff List" shall be prepared. The list shall be composed of all regular and promotional probationary employees in the class from which a position is to be abolished. Names of the employees shall be listed in reverse order of their lengths of City service; i.e., those having the least seniority will be listed first.
3. In selecting employees to be laid off, those employees at the top of the list shall be laid off first. When employees have equal seniority, the City Manager will select the employee to be laid off with consideration given to the employee's past performance and in consultation with the concerned department head.
4. The names of laid off employees shall be listed on a re-employment list in the reverse order of their dates of layoff.

F. Bumping Rights

Any employee subject to layoff who has held regular status in a position in a lower classification in the class series from which they are to be laid off may request placement in the lower classification.

The City has identified the following class series for unit classifications (listed from lower level to higher level):

1. Accounting Specialist, Senior Accounting Specialist
2. Management Assistant, Senior Management Assistant, Management Analyst I
3. Assistant Engineer, Associate Engineer
4. Planning Technician, Assistant Planner, Associate Planner
5. Building Permit Technician, Senior Building Permit Technician
6. Building Inspector, Senior Building Inspector

7. Equipment Mechanic, Equipment Mechanic Leadworker
8. Maintenance Worker, Senior Maintenance Worker, Equipment Operator, Maintenance Leadworker

An employee who has been involuntarily transferred to a class from which a layoff is to be made shall have automatic bumping rights to their previous classification for up to one (1) year from the effective date of the transfer.

G. Severance Assistance

1. Severance Pay

Severance pay of one (1) week per year of service, up to a maximum of four (4) weeks of pay, will be provided to an employee who is laid off and not offered employment through an agreement between a contractor and the City. This provision only applies to employees who actually lose employment with the City, not employees who are placed in another position as a result of bumping rights.

2. Flexible Benefits Contributions

An employee who is laid off shall have their Flexible Benefits contribution continued for an additional two (2) months following the month in which the employee was laid off if they are not covered by another medical plan at the time.

3. Letters of Recommendation

Letters of recommendation will be provided for an employee whose performance was satisfactory as of the date of their layoff.

4. Employment Assistance

Reasonable assistance in locating alternative employment will be provided for an employee who is laid off.

H. Re-Employment List

The name of every regular employee who is laid off or demoted in lieu of layoff shall be placed on a re-employment list in reverse order of their dates of layoff.

Names may be removed from a re-employment list for any of the following reasons:

1. The expiration of eighteen (18) months from the date of placement on the list.
2. Re-employment in any permanent full-time position, regardless of department or classification level.

3. Failure to respond within twenty-one (21) calendar days of mailing of a letter sent via Certified Mail regarding availability of employment.
4. Failure to report to work within fourteen (14) calendar days of mailing of a registered letter containing a notice of re-employment, absent mitigating circumstances.
5. An individual requests in writing that their name be removed from the list.

I. Re-Employment

Vacancies to be filled within a department shall be offered first to individuals on the re-employment list who held a position in the same classification as the vacancy to be filled.

A regular employee who has been laid off and is re-employed in a permanent position within eighteen (18) months from the effective date of their layoff shall be entitled to:

1. Buy back and restoration of all General Leave credited to the employee's account on the effective date of layoff at the same rate as it was paid off. This restoration must be requested in writing within 30 days of returning to work and must be fully paid back within six (6) months of the return to work.
2. Restoration of seniority accrued prior to layoff and during layoff.
3. The same General Leave accrual rate that was in effect prior to layoff.
4. Placement in the salary range at the same step held prior to layoff if the employee is reinstated to the same job classification from which they were laid off.

If the person who is re-employed had not satisfactorily completed the required probationary period in the department of appointment prior to layoff, they shall serve a probationary period upon re-employment.

J. Notices

At least two (2) weeks' notice (14 calendar days) shall be given to any employee who is to be laid off. All notices and requested actions referenced in this section shall be in writing and sent by Certified Mail or delivered personally to the addressee. All notices to the City shall be addressed to the City Manager. The employee shall be responsible for notifying the City of any address change and any such notice shall be served in accordance with this paragraph.

K. Displacement of Part-Time Employee

In the event a reduction in force is necessary, a part-time employee may not displace a full-time employee. However, a full-time employee may displace a less senior part-time employee provided they are otherwise eligible to displace the less senior employee.

L. No Appeal

Employees do not have any right to appeal their layoff from employment.

IN WITNESS WHEREOF, the parties hereto have executed this document this 17th day of September 2024.
