

Today marks the start of Open Enrollment for your 2023 benefits! Last week, you received your Open Enrollment materials, which included your Current Benefits Enrollment sheet. Please use this sheet to (1) confirm the contact information we have on file for you is correct and (2) review your current benefits enrollments. If you see something you'd like to change, now is the time to do so! Now would also be a great time to consider if you need to update any of your beneficiary information, especially if you've recently had a child or are recently married or divorced.

This week, we would also like to remind you to reserve your spot for a flu shot or for a one-on-one meeting with the City's Aflac representative, James Townes. James will be available at City Hall, the City Yard and the Police Department on various days and at various times to answer any questions you may have regarding enrolling in any of Aflac's supplemental insurance plans. To reserve a spot for either, please check out the corresponding flyers on the City's Open Enrollment webpage.

Our team looks forward to assisting you throughout the Open Enrollment period. Please feel free to reach out to any of us with any questions or concerns.
